Even though summer doesn't officially begin until June, everyone is thinking about warm weather, beach trips, ball games and graduation parties! Caitlin's Smiles has a busy May planned with our annual golf tournament (went great!) and has our annual Caitlin's Smiles team for the Highmark Walk for a Healthy Community. Please consider joining us for the walk, walking virtually or making a donation to our team!!!

The Walk for A Healthy Community is approaching fast. There are 34 participating walkers, and they need your support to help Caitlin's Smiles reach our fundraising goal of \$16,000. To date, they have raised \$6,954.

Please consider joining our Caitlin's Smiles walk team!!! You can join us at the walk, be a virtual walker or make a donation! To donate in support our walkers [click here.](#)

We have a special guest at the walk this year. BethAnn Telford is from Harrisburg and has participated in many types of sports and athletic activities. After experiencing problems running the 2004 Marine Corps Marathon, she was diagnosed with brain cancer and had her first brain surgery in April 2005. Since then, BethAnn has undergone a second brain surgery, a neurostimulator implant and bladder augmentation surgery. BethAnn has dedicated herself to helping raise brain cancer awareness and finding a cure. BethAnn founded Team BT as part of the Race for Hope - DC 5K Run/Walk and raised more than a million dollars for brain cancer research. She has participated in countless charity and fund-raising events. In 2017, she completed the World Marathon Challenge (amazing physical challenge to run 7 marathons on 7 continents on 7 consecutive days) to help raise funds for research. Stop by our booth to meet this incredible woman or say hi to her during the walk. We are proud to have her as a new board member!

Notes and Photos from kids and their families

Thank you for all that you do! During one of our many hospitalizations, my daughter Amina an 8 year old with Sickle Cell Disease received one of your bags and enjoyed everything in it. Usually we pack many artsy items of our own but this trip to the hospital was unplanned and therefore we had no activities. Your bag was right on time and just right for her. Please let us know how we can help you continue to put smiles on the faces of other children just like Amina. Much gratitude and again thank you for the impact you all make.
