Summer is just a few weeks away, and we're hoping the chilly days and nights are behind us. As you look forward, keep in mind that 'Celebration of Smiles' Art Auction will come up quick on October 4th. Original works of art, themed gift baskets, gift cards, sports memorabilia, event tickets and sponsors are needed for this heartwarming event. Or reserve a table and bring a group of friends or family! For more information, [click here for the flyer](#). To download our Call for Donations form, [click here](#). Donations are needed by August 17th.

A special note for the parents and the kids who have received our activities during their hospital stays, specialty clinic visits, Ronald McDonald House stay or Emergency Room trip - artwork created by kids like yours is a big deal at this event! We would love to invite your child to create art! Painted artwork on canvas is the most common type of art donated by kids, but other artwork is welcomed. In the past, children donated clay, photographs, ceramics and woodworking art. See the collage for examples of artwork that was created by children for the event in 2025. If you'd like more information, please email CherylH@Caitlins-Smiles.Org.

Thank you! I fell off a stool and I need a stitch. I was scared and it was a long wait at Mt. Nittany in State College. My favorite thing was the smiley slinky. From Max, age 4

Thank you all - such a big help to my grandson - scared and nervous. Took his mind off the worry and certainly helped with the long wait. Bear hugs to you! Grammy

Thanks so much for your wonderful donation of Mother's Day gift bags filled with skincare products and candy! Wow - you can't ask for a better combo than that! The gifts will be very much appreciated by our House guests. How kind of you to take the time to make a difference in the lives of families with critically ill and injured children. We are extremely grateful for your generosity

Thank you so much!
These are amazing!

"Thank you for the fun crafts!"

Thank you

We want to say thank you for your generous donations of craft kits and activity. The crafts you all provide are so helpful in keeping a child's mind and body active. Both patients and family members enjoy making crafts. We have had one specific one who very much enjoyed making bracelets. It allowed her to get her mind off of the scariness of the hospital and focus on doing something fun. We look forward to partnering with you again.
